PROFILE

All my life I've been interested in IT technologies, and when I learned HTML, I found a direction I wanted to move to. I'm planning to develop in Front-End development, become a highly qualified specialist, and also make new acquaintances. I want to be not only good at my job, but also a part of the team in which I will work.

TECHNICAL SKILLS

React · Redux · Redux-Saga · Redux-Thunk · React-Redux · React Router DOM · React Hooks · GIT · GSAP · HTML5 · CSS3 · Styled-Components · Framer Motion · Figma · Photoshop · RxJS · MobX · i18next · Jest

EDUCATION

2019 — NOW

(Student, uncompleted higher education).
National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute" Publishing and Printing Institute.
Specialty: Technologies of electronic and multi-media publications.

WORK EXPERIENCE

2018 — NOW

I am engaged in the development of sites and web applications, their optimization and promotion. I write educational student and school work.

HOBBY

BOOKS   MOVIES   SPORT   MUSIC   COOKING
